4. Recommended Retail Price and Reseller Pricing

Approved resellers receive 20% off the recommended retail price (RRP). Prices are listed in South African rand and are subject to change without notice.

Products purchased from CSA must be offered for sale at the manufacturer's recommended retail price. A reseller may discount products by no more than 5% below RRP unless prior written permission is obtained from CSA for a special sales event.

For EFT payments, the remittance advice must be emailed to CSA as proof of payment.

Larger orders may require additional time and remain subject to stock availability.
